Partial proceeds to benefit the Training Institute for Leadership Enrichment

**VISION FOR CHANGE**  
A NEW LEADERSHIP DEVELOPMENT MODEL - VISION FOR CHANGE  
Founded by Black Women Organized for Political Action (BWOPA), the Training Institute for Leadership Enrichment (TILE) has been providing leadership development workshops and campaign training to African-American women for over 12 years. Today, with the goal to increase the low numbers of African-American women in public leadership, TILE is ready to launch its eight-month campaign training and leadership development initiative "Vision for Change," which is designed specifically for African-American women interested in local elected and appointed offices. For more information about TILE's Vision for Change visit [www.traininginstituteonline.com](http://www.traininginstituteonline.com).
